

FINANCE MANAGER

Finance Manager is a unique accountancy plug-in for **online sellers** wishing to impose **financial control** over their online trading activities. Designed as middleware, Finance Manager automatically imports sales data from **Amazon, eBay, Play.com** and **ecommerce websites** into Sage accountancy solutions.

FEATURES

- Imports orders from eBay
- Imports orders from Amazon
- Creates Amazon Order Confirmation File for upload
- Imports orders from Play.com
- Imports orders from ecommerce websites
- Imports eBay and PayPal fees

In Sage accounts solutions:

- Creates customer records for every buyer
 - Calculates and applies correct VAT liability for each transaction
 - Creates invoices/orders for each transaction
 - Creates sales receipt in bank module upon invoice update
 - Automates stock control
 - Combines multiple purchases as single invoice
- Compatible with eBay listing tools for product mapping
 - Provides at a glance 'trading dashboard'
 - Creates sales analysis, graphs and reports
 - Exports buyer and transaction details to Microsoft Excel
 - Creates buyer details as contacts in Microsoft Outlook
 - Exports customisable CSV files
 - Generates address labels

BENEFITS

- Saves money for retailers
- Dramatically reduces data entry time
- Streamlines post-sales administration
- 100% accurate
- Enables business growth

SYSTEM REQUIREMENTS

- Sage 50 edition compatible with Sage v11, v12, 2007, 2008 and 2009
- Sage 200 edition compatible with Sage 200 v5.1
- Compatible with Windows XP Pro and Vista (not Home edition)

Pricing depends on the number of sales channels being used. See website for full details.
